RE: Reference for Mr. James Mole

To whom it may concern,

I had the pleasure of being a mentor for James Mole at Animation Mentor. I found James to be extremely willing to learn and apply the new concepts and ideas to his animation. His work always exhibited the fun that animation should bring. He was also quick to not only implement the changes that I asked for but understood the reasoning behind the fixes. This aspect will help him as he furthers his career.

James goes above and beyond what is needed when dealing with class work. He never sloughs off or gives a half-hearted effort. I feel that James will make a great addition to any team and I look forward to seeing what he can do moving forward.
